

**Helping Children and their Schools Combat
Stereotypes and Culturally Inappropriate
Materials in their Libraries**

The Beginning...

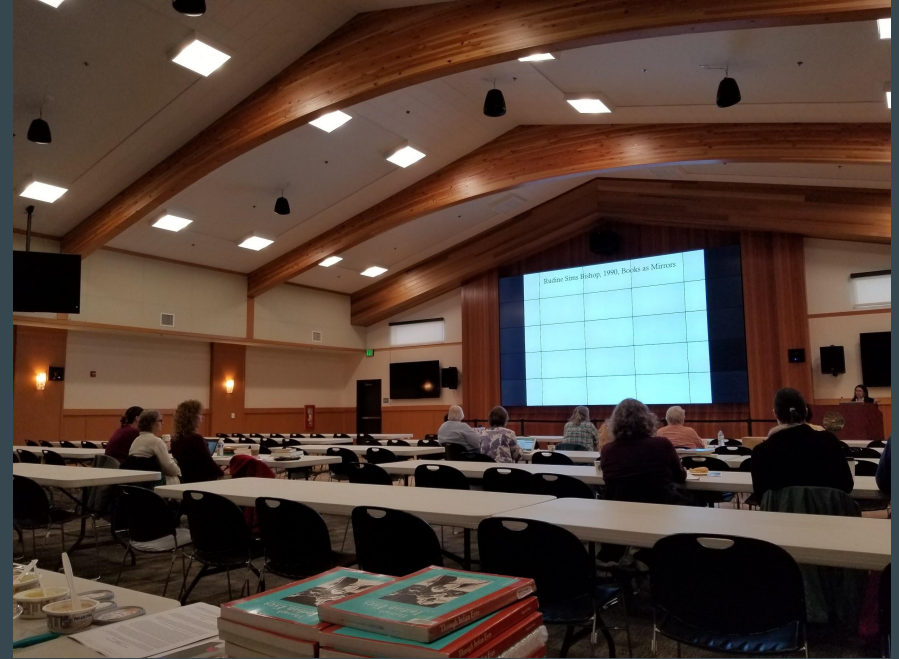

Started with a book.

Goals

1. Give teachers, librarians, and other school staff the tools to recognize “bad books”.
2. Build up accurate and culturally sensitive Native collections within our partnered schools’ libraries.
3. Provide a training and workshop for school staff that we were unable to partner with.
4. Bring a Native author to the Humboldt County area!

Challenges & Outcomes

- Losing an instructor for our workshop.
- Not being able to work with every school.
- Is removal censorship?
- Completing the goals set forth in the grant
- Finding out what teachers need & creating new projects.
- Establishing positive relationships with our local schools.
