Implicit Bias & Microaggressions

Thursday, Feb. 29 • 4:00-6:00 p.m.
Humboldt County Office of Education • Annex Room

Facilitators: Sharrone Blanck & Nora Wynne

We will define Implicit Bias and explore how it shows up in systems, provide strategies to address them on the internalized, interpersonal, institutional and structural levels, identify microaggressions and provide strategies that increase self-awareness and belonging to decrease microaggressions in the environment. We will also provide strategies and scripts to address microaggressions when they occur.
